## About Me

I am a WordPress full-stack developer with intermediate expertise in building custom plugins and crafting end-to-end solutions that solve challenges and enhance website functionality. As a self-taught professional, I thrive on coding, problem-solving, and staying ahead of modern web development trends and advanced technologies to deliver innovative, user-focused experiences.

## Professional Experience

- **100+ WordPress Websites:** Expertise in speed optimization, bug fixes, and ongoing maintenance.
- **Custom Development:** Built 40+ WordPress & WooCommerce plugins, Gutenberg blocks, page builder addons, and API integrations using React and Vue.js.
- **Backend Customization:** Skilled in advanced backend development, database optimization, and tailoring WordPress to unique business requirements.
- **Business Development:** Delivered scalable, client-focused solutions, enhancing user experiences and supporting growth strategies.
- **Freelance Expertise:** Active on Fiverr & Upwork (2020–Present), providing high-quality WordPress and WooCommerce services.
- **Outsideplay (UK):** Led website development and maintenance, adding essential features and functionalities (Jan 2021–Oct 2021).
