Monthly update — stick around for Q&A

Three things, one ask

1

The highest commissions in wellness

20% on everything. Published this week, side by side with everyone else.

2

The Ad Builder is up and running

Working for everyone who should be using it. resona.news/RHAB

3

Milo the Magician

Your story becomes three landing pages and the ads to run them.
The main event — and the ask.

Items one and two take five minutes. Item three is why we're here.

20%

On every product Resona Health sells. Every affiliate. From your first sale.

The highest affiliate commissions in the wellness industry.

A \$299 VIBE puts about \$60 in your pocket. Every competing device pays its partners two to seven times less. We published the numbers this week.

What one referred sale is worth

Company	Product	Commission	You earn per sale	VIBE pays
Resona Health	VIBE PEMF device, \$299	20%	\$60	—
Sensate	Vagus nerve device, ~\$250	10%	\$25	2.4×
Apollo Neuro	Vagus nerve wearable, ~\$350	5–10%	\$18–35	2–3×
Pulsetto	Vagus stimulator, ~\$250–470	5%	\$12–23	3–5×
HigherDOSE	PEMF mat, \$500–1,300	2%	\$10–26	2–6×
Oura	Smart ring, ~\$350+	\$10 flat	\$10	6×
Fitbit	Fitness tracker, \$80–300	3%	\$2–9	7–30×

Published program terms on Impact, CJ, Awinq, Skimlinks and company affiliate pages, September 2026. Per-sale figures are commission rate × typical list price.

WHY WE CAN PAY IT

You do the retailer's job. You get the retailer's cut.

No retail. No sales force.

We sell direct. When you send us a customer, you are doing the work a store would do, and we pay you like it.

No tiers. No thresholds.

One tracking link. 20% on VIBE, BlueVibe, VaguVibe, bundles and accessories alike. Paid monthly, with a 30-day lag for returns.

The testing is already done.

Every ad you post is built on Facebook and Google campaigns we've spent millions proving. Your job is sharing, not experimenting.

U P D A T E

The Ad Builder is up and running. So is the Content Library.

Both are live, both are free, and both should be working for everyone who should be using them. If you haven't opened them, that's money sitting on the shelf.

The Affiliate Ad Builder

Professional, compliant ads in about 60 seconds. Built on the Facebook and Google campaigns we've spent millions proving.

The Content Library

Top-converting pages, posts, images and copy. Add /? ap_id=YOURCODE to any Resona Health page — 21-day cookie.

If yours isn't working, email [**info@resona.health**](mailto:info@resona.health) and we'll get you sorted. Every ad you don't post is a commission you don't earn.

THE MAIN EVENT

Milo the Magician

One conversation.

Three pages.

All the ads.

Thirty minutes on Zoom with me. Milo builds everything else, with hundreds of years of marketing science behind every sentence — at no cost, with your 20% commission fully intact.

HOW IT WORKS

You do one thing. Milo does the rest.

YOUR PART

30 minutes on Zoom

Unscripted — a cup of coffee with a friend. Tell me what happened to you.

That is your entire time commitment.

1

Your interview, back to you

The full recording, plus captioned 15-second clips ready to post.

2

The transcript

Every word you said. That text — never our memory — drives the pages.

3

Three landing pages

v1, v2 and v3. Three genuinely different angles on the same true story, your link on every button.

4

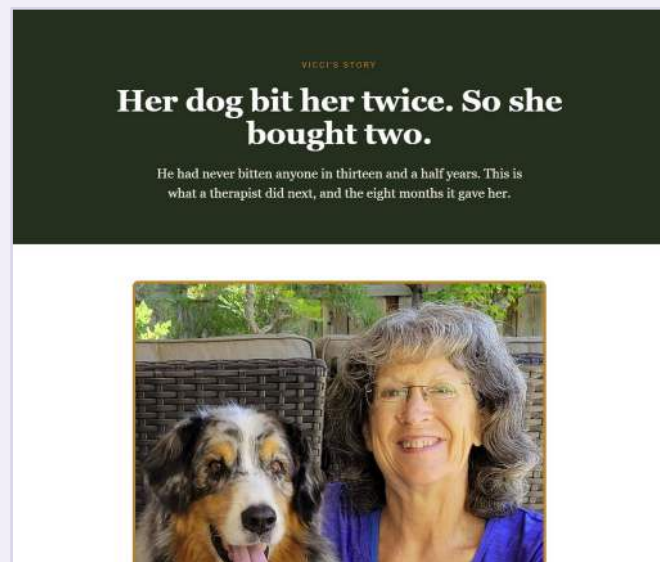

Matching ad packages

40 social images per page, eight sizes, five campaign angles. One set per version. You make nothing.

Then you share them. That's the whole job — and the 20% stays yours.

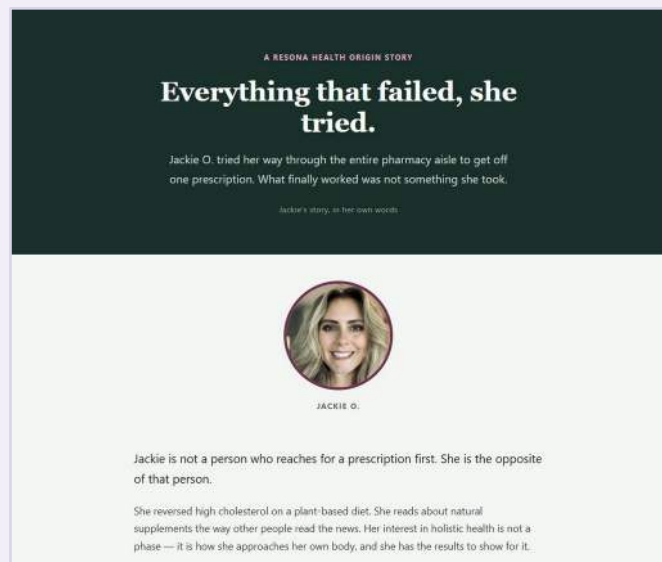

SEE IT FIRST

Three real pages, live right now

Jackie • v2

Vinny • v1

A therapist and her dog, a woman who tried everything else first, and a reseller in Italy — each from one thirty-minute conversation. Click any page to open it live.

HAVEN'T BOOKED YOURS YET?

Thirty minutes is the whole cost.
Here's what it's worth.

$$\text{\$60} \times 1 = \text{\$3,120}$$

one VIBE sale

extra sale a week

a year, left on the table

And fifty-two more people who never found out the VIBE existed.

Every affiliate who has done the interview has three pages working for them right now. The ones who haven't have zero.

AND IT ISN'T ONLY ABOUT THE MONEY

A page nobody built is a person nobody helped.

◆ Your story reaches people no Resona Health ad ever will

The ones who already trust you. A page in your voice, about something that really happened to you, gets read where our ads get scrolled past.

◆ Every reader who buys is someone you helped

Sleeping better, hurting less, getting their dog back. You already believe that — it's why you signed up.

◆ Made-up marketing is forgettable

What actually happened to you is not. That's the whole reason Milo builds from your interview and nothing else.
